## MVS "Repair First" Philosophy

### The concept is simple.

Tapping into 35 coil patents and over 20 years of experience in coil manufacturing and repair, we provide high-quality, like-new coil repairs at a fraction of the cost of OEM options.

#### *We provide:*

- First-rate service on over 400 models of MRI Coils
- A repair rate of over 99%
- The most comprehensive loaner inventory in the industry
- A nine-step quality control process
- Unmatched field presence and support

#### *Our capabilities include:*

- All makes and models
- All field strengths
- All designs (linear, quadrature, phased array, multi-channel)
- All configurations

#### *Diagnosis and repair of:*

- Artifacts
- Noise
- Homogeneity issues
- Will-not-scan errors
- And more

#### *Repair of mechanical issues such as:*

- Cracks
- Chips
- Broken or missing components
- And others
